

SafeArrival

Instructions for Parent/Guardians

Introduction

Lethbridge School District 51 is pleased to introduce **a new, more efficient** student absence reporting system. This new system makes it easier for you to report your child's absence, reduces the time it takes to verify student attendance, and allows staff to respond to unexplained student absences more efficiently.

This new absence reporting system is called *SafeArrival*. It allows you to report your child's absence quickly and conveniently in one of three ways:

1	Website	lethsd51.schoolconnects.com	Log in to this website to access the SchoolConnects Parent Portal where an account can be set up to report absences.
2	Mobile App	SafeArrival app by Synrevoice Technologies	Download the Apple or Android app to report absences.
3	Toll-free Phone Line	1-866-879-1041	Call the interactive telephone system to report absences.

All methods are available 24 hours a day, 7 days a week. Therefore, absences may be reported ahead of time, e.g. Doctor or dentist appointment etc.

In addition, we will be using the SchoolConnects automated notification system to contact parents whose child is absent when the absence was not reported in advance. SchoolConnects attempts to contact parents at multiple contact numbers until the designated contact(s) is/are reached. If the system is unable to reach a designated contact within 30 minutes, office staff will follow up. If you report your child absent in advance using the Safe Arrival website, app or toll-free number, you will not receive these calls.

The benefit of using the Safe Arrival website is that you may report your child's absences, update your contact phone numbers and email addresses should they change, as well as review messages sent through our SchoolConnects system.

Activating Your Parent Portal Account

To activate your Parent Portal Account, click the link in your email invitation (or copy and paste the link into your browser). You are taken to the Parent Portal website.

The screenshot shows the login page for School Connects. On the left, there is a logo for 'School Connects' and an illustration of a man and a woman. The main content area contains the following text: 'Please supply your login name or phone number or email address and your password and then click on the Log In button to login'. Below this, there are two input fields: 'Login Name:' and 'Password:'. Each field has a 'Forgot login name?' or 'Forgot password?' link to its right. Below the password field, there is a 'Log In' button and a checkbox labeled 'Remember my login name'. At the bottom, there is a link that says 'What is Parent Portal?'.

Enter **ONE** of the following pieces of information that is provided in your email invitation into the “Login Name” field:

- Login Name
- Phone number
- Email address

Enter your password from the email invitation into the “Password” field and click **Log In**. Once this information is entered correctly, a popup screen appears that steps you through the authentication process.

This screenshot is similar to the previous one, but it shows the login page after the user has entered their login name and password. The 'Login Name' field now contains 'markmiller' and the 'Password' field contains a series of dots. A popup window is overlaid on the bottom half of the page. The popup contains the following text: 'This is your first time logging into Parent Portal. You are required to go through a user authentication process to ensure the security and privacy of the student information. You will receive a call at the phone number associated with you on the student record and be given a code to enter on screen to verify that you are the intended user. Click OK to begin the process.' At the bottom of the popup are two buttons: 'OK' and 'Cancel'.

The authentication process involves SchoolConnects sending an authentication code to your email address. You will enter this code into the “Please input the authentication code” field and click **Go**.

Parent Portal User Authentication

The Parent Portal user authentication process has begun. You will receive a call shortly at the telephone number associated with your user login to verify that you are the intended user.

Important: The telephone message will give you an authentication code that you need to enter on your computer. Have a pen and paper ready to write down this code or enter it directly on the computer when requested. When your phone rings, answer the call and follow the voice instructions.

Please input the authentication code

To report an absence, click the **New** button and the following screen appears:

A screenshot of a web application interface for reporting an absence. The background is a light gray with a blue header bar. A central white modal window titled "Report A Planned Absence" is open. The modal contains the following fields: "Student:" with a dropdown menu showing "LN1228, FN1228"; "Type of absence:" with a dropdown menu showing "Full-day absence" and radio buttons for "1-day" (selected) and "Multi-day"; "Date:" with a date picker showing "31 Mar 2011"; and "Reason:" with a dropdown menu showing "Doctor appointment". At the bottom of the modal are two buttons: "Save" (green) and "Cancel" (blue). Above the modal, there is a "New" button and an "Attention" message: "Attention: Before creating a new planned absence, please review the lists below to see if it has been reported already or marked by a teacher." Below the modal, there is a "Return to Home Page" button and some partially visible text.

The same absence reporting options are available in the website, the app and the phone call.

When you report an absence through the website, app or phone line, an email confirmation message will be sent to all email addresses on file for this student, one email for each day absent.

Each tile includes a brief description of the service.

Linking Students to One Parent Portal Account

Parent Portal follows a strict set of rules when creating and linking students to parent accounts. It is possible for a parent to receive more than one Parent Portal account (possibly one for each student in the household). If you receive multiple Parent Portal accounts, you can link all of your students into one primary account.

Log in to Parent Portal using the account that you wish to use as your primary account.

Check the list of students to see which students are already linked to this account.

On the **Edit Contact Settings for Students** screen there is a link just below the student list titled **Missing students? Click here to add**. Click that link.
